Slido Design 80-M

Our Slido Design 80-M sliding door system celebrates the art of minimalism. Experience a world where form and function harmonize, and elegance finds expression in the invisible.

Discover a symphony of design that transforms your space into a canvas of sophistication.

Unleash the potential of architectural minimalism with the Slido Design 80-M Sliding Door System - where every slide narrates the story of innovation, elegance, and seamless design. Elevate your spaces today.

What are the benefits?

Ease of use
- Easy surface-mounted smooth sliding mechanism
- Simple wall installation process with concealed components
- Noiseless operation
- Accommodates wooden doors up to 80kg providing flexibility in design

Aesthetics
- Invisible Elegance: Concealed running system creates a visually stunning, unobtrusive appearance.
- Architectural Minimalism: Integrates seamlessly with modern spaces, enhancing clean and simple designs.
- Floating Illusion: Doors appear to effortlessly float along walls, adding a touch of enchantment.
- Modern Innovation: Incorporates cutting-edge technology into classic door functionality.

Unveiling Architectural Elegance

Imagine doors that appear to float effortlessly, as if guided by an invisible hand. Our innovative Slido Design 80-M is engineered to fulfill this vision, enabling one-leaf wooden sliding doors to slide along walls with seamless grace. This ingenious concealed running system eliminates the need for traditional top tracks, leaving your interiors uncluttered and visually stunning.
